Finance Director J. Ostrander presented the 2023 budget.

PUBLIC HEARINGS

The Mayor announced that this is the published date and time to hear public comment concerning the proposed assessments to be levied in the Baraboo Improvement District (BID).

Norris Crowe, 506 Ash Street, purchased this property in October of 2021. Because the property is used exclusively for residential, he is wondering if this would exclude him from the BID assessment. The “commercial” section of the building is currently used as storage.

No one else spoke and the Mayor closed the Public Hearing.

The Mayor announced that this is the published date and time to hear public comment concerning the proposed 2023 City Budget.

Marianne Cotter, 907 Second Street, the co-chair of Powered Up Baraboo. She thanked everyone for their efforts to address the \$826,000 budget shortfall. While the Council is only approving the 2023 operating budget, this does not mean that there is not long-term thinking that doesn't play a part. In the Strategic Plan that was approved this summer, one of the desired outcomes that was named was “staff and elected official move from a short-range budget mindset to a long-range approach”. Taking the big picture into account is important even as we make this immediate shortfall. Thinking long term involves thinking sustainably both in terms of our relationship to the environment and also financially. In her mind, moving from a short-range budget mindset to long range approach means carefully planning what the City will pay for lights, heat, and air conditioning in City buildings for years to come; decisions they make regarding energy efficiency and renewable energy while approving the plans for future buildings will impact operating budgets for years to come. Thank you for being committed to a long-range approach. She would also like to celebrate the Strategic Plan goal of staff and elected officials understand infrastructure needs, specifically evaluating sustainable alternatives at the end of asset life cycles to meet a long-range goal of increased environmental stewardship. She applauded Mike Hardy for considering the purchase of an EV lawnmower and Chief Sinden for mandating that all future patrol cars be hybrid vehicles; these are good news story about how the city is thinking long-term and thinking sustainably.

No one else spoke and the Mayor closed the Public Hearing.

PUBLIC INVITED TO SPEAK

Rick Eilertson, 514 1st Street, spoke in favor of the “Trail Community” and is excited to see the improvements to Water Street and to be able to participate in this. He was happy to see the work that the City is doing on the “Trail Community” application and fully supports Baraboo becoming a “Trail Community”.

NBR - 2**RESOLUTION NO. 2022 -****Dated: December 13, 2022****The City of Baraboo, Wisconsin**

Background: This is a proposed second addendum to the development agreement signed March 17, 2006 between the City, DEVCO 1, LLC, and RENEWAL 1, LLC. The parties signed addendum 1 on May 8, 2007. Addendum 2, attached, removed RENEWAL 1, LLC from the development agreement and DEVCO 1, LLC becomes solely responsible for the development agreement. Both companies were owned by Jay Smith and has since sold off RENEWAL 1, LLC. Mr. Smith remains financial responsible for the commitments made under the original development agreement.

The original development agreement was for the Teel project in the Gateway Industrial Park in TID 7. The project has completed, but Mr. Smith through DEVCO 1, LLC has funded the TID shortfall, per the agreement, for several years and will continue to do so until the TID revenues exceed the expenses.

(a) Developer shall obtain and deliver to the City a fully executed [license/franchise] agreement substantially in the form attached hereto and incorporated herein by reference as **Exhibit B** (the “**Franchise Agreement**”) for the operation of the Project with a term to expire no earlier than January 1, 2040 which provides for the operation of the Project as a Fairfield Inn & Suites by Marriott International, Inc. (“**Franchisor**”). In the event the Franchise Agreement is subject to any contingencies or conditions, Developer shall also provide written confirmation to the City, in form and in substance reasonably acceptable to the City, confirming Developer’s ability to timely and fully satisfy all such contingencies and conditions. Developer shall also obtain and deliver to the City a copy of any and all hotel development plans, if any, prepared by or on behalf of Franchisor, identifying the scope of work required on the Property in order to satisfy Franchisor’s new hotel build requirements.

(b) Developer shall deliver to the City the following information related to the anticipated development of the Property (collectively, the “**Required Information**”):

(i) A title commitment or title policy issued by a title insurance company licensed to do business in Wisconsin identifying Developer as the current owner or the proposed owner (as applicable) of the fee interest in the Property and containing copies of all easements, restrictions, encumbrances, leases or other documents of record affecting the Property (collectively, “**Exceptions**”). None of the Exceptions shall interfere with the development and use of the Project, and if any Exception does interfere with the development and use of the Project, Developer agrees to remove such Exception from title on the Property.

(ii) Developer shall deliver a schedule for the construction of Developer Improvements (as defined below) on the Property and identifying the following for the Project:

- (A) Intended commencement and completion date,
- (B) Reasonably estimated costs associated with the construction, and
- (C) Reasonably estimated value, upon completion, of the intended improvements to be constructed on the Property.

(iii) The construction contracts and a cost breakdown and budget listing the intended cost of each improvement and construction expense for the Project, including all hard costs and soft costs. The cost breakdown and budget shall be certified in writing by Developer and Developer’s independent consulting engineer or independent architect (in form and substance acceptable to the City).

(iv) Documentation confirming that Developer has complied with all necessary federal, state, county, and municipal laws, ordinances, rules, regulations, directives, orders, and requirements necessary to obtain the governmental approvals relating to the intended construction. Developer shall also provide copies of all approvals by all applicable government bodies and agencies.

(v) A copy of the final construction plans and complete specifications (the “**Final Plans**”) for the intended construction related to the Project that are consistent with the provisions of this Agreement. The Final Plans must be certified as final and complete

and be signed by Developer, the consulting engineer, architect and the general contractor (as applicable) and approved by the City in writing.

(vi) All documents authorizing the construction of the Project and directing the appropriate officer of Developer to execute and deliver this Agreement and all other agreements, documents and contracts required to be executed by it in connection with the transactions which are the subject of this Agreement (including, without limitation, authorizing resolutions of Developer).

1.2 Termination Rights. The City shall have the right to terminate this Agreement and the MRO and shall have no obligations under this Agreement or the MRO, if Developer fails to fully and timely satisfy all of the Conditions (including, without limitation providing the Required Information), as determined in the sole discretion of the City; provided, in the event that the City intends to terminate this Agreement pursuant to this Section 1.2, the City agrees: (a) to provide Developer written notice of the City's intention to terminate this Agreement (each a "**Termination Notice**"), and (b) to allow Developer an opportunity to cure all outstanding failures set forth in such Termination Notice within fifteen (15) business days of the date of such Termination Notice. If Developer timely cures all failures stated in the Termination Notice within such fifteen (15) business day cure period, the City agrees to not exercise its termination rights with regard to the failures specifically disclosed in the Termination Notice, but the City reserves all rights to terminate this Agreement in the future for other failures by the Developer whether under this Section 1.2 or other provisions of this Agreement.

ARTICLE II – OBLIGATIONS RELATED TO THE PROPERTY

2.1 Improvements. Developer shall make, at its own expense, the following improvements and perform the following work on the Property subject to the Final Plans and pursuant to the other terms and conditions of this Agreement (collectively, the "**Developer Improvements**"):

(a) Developer shall commence construction of the Project (installing footings for the building(s)) on or before August 1, 2022, and the Project shall consist of a building and other improvements consistent with the Final Plans. Upon commencement of such work, Developer shall proceed to the full completion of all of the improvements set forth in this Section 2.1 with due diligence and without unreasonable delay or interruption with the exception of force majeure events, if any, as defined in Section 15.9 below. The Project shall be completed substantially in accordance with the Final Plans, this Agreement and all applicable building and zoning codes and ordinances and available for occupancy on or before December 31, 2023.

(b) Developer shall be responsible for landscaping on the Property, including trees, shrubs, seeding or sod.

(c) Developer shall install, or have installed, all electric, gas, telephone and cable services and all improvements for the use and operation of the Project.

(d) Developer shall install, or have installed, all sanitary sewer and water laterals on the Property, as well as connections of such laterals to existing sewer and water mains.

(e) Developer shall install, or have installed, all storm water drainage systems and facilities on the Property including drain tiles, pipes, detention ponds and retention ponds.

(f) Developer shall be responsible for all erosion control related to construction of all improvements on the Property.

(g) Developer shall be responsible for all costs related to the work to be performed by Developer under this Agreement, including, but not limited to, all engineering, inspections, materials, labor and permit, impact and license fees.

In the event of any loss or damage to any of Developer Improvements prior to close of the District, Developer shall promptly proceed with the repair and replacement of such Developer Improvements to the condition that the Developer Improvements were in immediately prior to the casualty. The fair market value of Developer Improvements following reconstruction or repair must be substantially similar to or more than the fair market value of such Developer Improvements immediately prior to the casualty. Once the reconstruction or repair work is commenced, Developer shall promptly proceed with due diligence to complete such work. The reconstruction and repair work must be commenced within 180 days after the casualty. These obligations shall be deemed covenants running with the land and shall be applicable to Developer's successors and assigns and all other persons or entities acquiring any interest in the Property; provided, however, this Agreement shall automatically terminate upon the closure of the District and either the City or Developer may record a memorandum acknowledging the termination.

2.2 Payment of Taxes. Developer shall timely pay and discharge all taxes, assessments and other governmental charges upon the Property when due.

2.3 Time is of the Essence. Time is of the essence with reference to Developer's obligation to commence and complete the Developer Improvements. Developer acknowledges that the timely performance of its respective work under this Agreement is critical to the collection of the tax increment upon which the parties are relying for the performance of their respective obligations under this Agreement.

2.4 Work Quality. All work to be performed by or on behalf of Developer (or any contractor selected by Developer) related to the Developer Improvements shall be performed expeditiously and in a good and workmanlike manner, consistent with the prevailing industry standards for such work in the area of the City. Developer (or any contractor selected by Developer), respectively, shall perform all work in compliance with all applicable laws, regulations, ordinances and buildings codes, and shall obtain and maintain all necessary permits and licenses for such work.

ARTICLE III – ACCESS, INSPECTIONS AND CONTRACTORS

3.1 Access and Inspections. Developer hereby grants to the City, its agents, employees, officials, representatives, contractors and consultants the right to enter upon the Property at all reasonable times (upon reasonable advance notice to Developer) for the purpose of facilitating the City's inspection of the Property and the Developer Improvements.

3.2 Inspections for City's Benefit Only. Any inspection conducted by the City or its agents shall be deemed to have been for the City's own benefit and shall in no way be construed to be for the benefit of or on behalf of Developer. Developer shall not (and hereby each waives any right to) rely in any way upon such inspections, appraisals or determinations of the City.

3.3 Contractors and Consulting Engineers. At any time, the City shall have the right to retain consulting engineers and architects to perform services for the City (which shall be at the City's

expense, unless the City must perform multiple inspections as a result of Developer's failure to meet the Final Plans) including:

- (a) to make periodic inspections with reasonable advance notice to Developer for the purpose of assuring that construction is in accordance with the requirements of this Agreement and to advise the City of the anticipated cost of, and a time for, the completion of construction work; and
- (b) to review and advise the City of any proposed changes in the construction of Developer Improvements.

The City's selection of, and reliance upon, the consulting engineers and architects shall not give rise to any liability on the part of the City for the acts or omissions of the consulting engineers or architects or their employees or agents.

Contractors selected for Developer Improvements shall be qualified in the City to perform the work, shall be licensed to do business in the State of Wisconsin, shall have experience in providing the type of work and materials required of Developer Improvements, and shall have a good reputation for diligent performance of their obligations under their respective contracts.

ARTICLE IV – MUNICIPAL REVENUE OBLIGATION

4.1 Municipal Revenue Obligation. Pursuant to the terms of this Agreement, the City agrees to issue a Two Million Five Hundred Sixty-Six Thousand Seven Hundred Twenty-Two and 00/100 Dollars (\$2,566,722.00) non-interest bearing municipal revenue obligation (the "**MRO**") to Developer within sixty (60) calendar days after the City's written confirmation of receipt of all of the Required Information. Except as otherwise described herein, payments on the MRO will equal the amount of the Available Tax Increment (as defined below) in each year appropriated by the City Council until the MRO is paid in full. "**Available Tax Increment**" means an amount equal to seventy-five percent (75%) of the Tax Increment (as defined below) actually received by the City in each year. "**Tax Increment**" shall have the meaning given under Wis. Stat. §66.1105(2)(i) but shall be limited to the Tax Increment attributable to the real estate, improvements, and any taxable personal property associated with the Property. Provided the Developer is not in Default under this Agreement, the City will not use the Available Tax Increment to pay any debts or obligations of the City other than the obligations under the MRO, until the MRO is paid in full.

Provided that Developer has timely satisfied the Conditions, timely provided the Required Information and Developer is not in Default under this Agreement at each time, the City shall, subject to annual appropriation of such payment by the City Council, pay the Available Tax Increment to the holder of the MRO in one annual payment, on or before December 31st of each year commencing on December 31, 2024, and continuing to (and including) December 31, 2039 (each, a "**Payment Date**"). Notwithstanding the previous sentence, in the event that Developer is in Default on a Payment Date, payment by the City may be suspended until all such Defaults are cured provided each Default is cured within the applicable cure period for such Default (beyond which the City shall have no obligation to make such payment). To the extent that on any Payment Date the City is unable to make all or part of a payment of principal due on the MRO from such Available Tax Increment due to an absence of adequate Available Tax Increment, such failure shall not constitute a default under the MRO. The amount of any such deficiency shall be deferred without interest. The deferred principal shall be due on the next Payment Date on which the City has Available Tax Increment. The term of the MRO and the City's

obligation to make payments hereunder shall not extend beyond December 31, 2039 (“**Final Payment Date**”). The City shall have no obligation to make further payments on the MRO or incur any liability related to the MRO after the Final Payment Date, regardless of any amounts outstanding on the MRO after the Final Payment Date. Upon the City’s MRO payment on the Final Payment Date, the MRO shall terminate and the City’s obligation to make any payments under the MRO shall be discharged.

The MRO shall not be payable from or constitute a charge upon any funds of the City, and the City shall not be subject to any liability thereon or be deemed to have obligated itself to pay thereon from any funds except the Available Tax Increment which has been appropriated for that purpose, and then only to the extent and in the manner herein specified. The MRO is a special, limited revenue obligation of the City and shall not constitute a general obligation of the City. The City will use good faith efforts to annually appropriate the Available Tax Increment for the MRO, until the earlier of the Final Payment Date, the termination of this Agreement or the MRO, or the payment in full of the MRO as provided herein. If Available Tax Increment is received by the City earlier than the first Payment Date, such increment shall be retained by the City and applied to the first payment subject to appropriation by the City Council. Developer shall not have the right to assign the MRO except as set forth therein. Interests in the MRO may not be split, divided or apportioned.

4.2 MRO Form. The MRO shall be substantially in the form attached hereto and incorporated herein by reference as **Exhibit C** and shall be payable in accordance with the terms and conditions set forth in such MRO. The principal payments shall be payable solely from the Available Tax Increment appropriated by the City. On or about each Payment Date under the MRO, the City shall provide to Developer an accounting identifying the Available Tax Increment, the amount of the payment being made on such Payment Date, and the remaining principal balance due on the MRO after the application of such payment.

4.3 Issuance of MRO and Payment Limitation. Provided that Developer has timely satisfied the Conditions, timely provided the Required Information and Developer is not in Default under this Agreement, the City will deliver the MRO to Developer within sixty (60) days after the City’s written confirmation of receipt of all of the Required Information. Notwithstanding the previous sentence, in the event that Developer is in Default prior to the City’s issuance of the MRO, the City shall not be required to deliver the MRO to Developer until a reasonable time after, but no more than thirty (30) days after, all such Defaults are cured, provided each Default is cured within the applicable cure period (if any) for such Default. The total amount of principal to be paid under the MRO shall in no event exceed Two Million Five Hundred Sixty-Six Thousand Seven Hundred Twenty-Two and 00/100 Dollars (\$2,566,722.00). The City’s obligation to make payments on the MRO is conditioned on the requirement that Developer is not in Default under this Agreement. For the avoidance of any doubt, upon the occurrence of a Default, the City may suspend such payment until the Default is cured, provided that if the Default is not cured within the applicable cure period (if any), the City shall have no further obligation to make such payment or any other payment and the City may exercise any and all available remedies.

4.4 Repayment Schedule. The estimated repayment schedule of the MRO shall be set forth in Schedule 1 to the MRO. The City reserves the right to modify the MRO repayment schedule based upon market conditions, the actual and projected Tax Increment generated from Developer Improvements and (with respect to determination of the first Payment Date) the completion date of construction of Developer Improvements. The Available Tax Increment received by the City each year shall be applied to the payment of principal due on the MRO in accordance with the payment schedules set forth in such MRO, subject to appropriation by the City Council.

ARTICLE V – ZONING AND LAND USE

5.1 Zoning Compliance. Development on the Property under this Agreement shall be in compliance with the applicable zoning ordinance and land use guidelines applicable to the Property and shall be subject to the payment of any applicable impact fees in the amounts applicable at the time each required permit is issued. Nothing in this Agreement shall obligate the City to grant variances, exceptions or conditional use permits related to the Project.

5.2 Tax Status/Restrictive Covenant. Without the prior written consent of the City (which may be withheld for any reason), Developer shall not use or permit the use of the Property in any manner which would render such property exempt from property taxation. Developer agrees to record a deed restriction or restrictive covenant against the Property prior to any sale or leasing of the Property to make any subsequent purchasers or users of any portion of the Property subject to this provision. The deed restriction or restrictive covenant shall permit, but shall not obligate, the City to enforce such deed restriction or restrictive covenant and shall be in form and in substance reasonably acceptable to the City. This provision and the deed restriction or restrictive covenant shall continue to be applicable until the termination of the District. However, Developer shall not have a continuing obligation for compliance with this provision as to any portion of the Property in which Developer no longer maintains an interest as owner, tenant or occupant provided that Developer has timely recorded the deed restriction or restrictive covenant as approved by the City.

ARTICLE VI – ASSIGNMENTS AND CHANGES OF CONTROL

6.1 Assignments and Change of Control. This Agreement shall not be assignable by Developer without the prior written consent of the City (which may be withheld by the City for any reason). If Developer is not managing the Project pursuant to a management agreement in compliance with the provisions of Section 6.2 below, ownership or control of Developer shall not be transferred to any person or entity without the prior written consent of the City (which may be withheld by the City for any reason). The prohibition on the transfer of ownership or control shall not be applicable in the event of the death of a member and the interest being transferred is the deceased member's interest. The term "ownership or control" shall mean 20% or more of the Ownership Interests in Developer. For the purposes of this Agreement, "**Ownership Interests**" shall mean the members' right to share in distributions and other economic benefits of Developer, the members' right to participate in decision making, or both. The current Members of Developer are identified on **Exhibit D** attached hereto and incorporated herein by reference.

6.2 Franchise Agreement and Hotel Management. The Franchise Agreement submitted to the City by Developer shall not be assigned by Developer without the prior written consent of the City (which may be withheld by the City for any reason). Subsequent to the delivery of the Franchise Agreement, Developer shall also provide to the City immediately upon receipt copies of all amendments to the Franchise Agreement and of any and all correspondence or notices from the Franchisor related to any Franchisor alleged breach by Developer of the Franchise Agreement or the status of the Project. The Franchise Agreement shall not be amended in any manner which may adversely affect the quality, condition, reputation or value of the Project, the value of the franchise, or in a manner which would shorten the term of the Franchise Agreement. The initial manager of the hotel on the Property shall be S & L Hospitality, LLC (the "**Manager**") under a management agreement approved by the City, which approval shall not be unreasonably withheld. In the event Manager, is not or ceases to be the manager of the hotel on the Property, Developer shall submit to the City a copy of a proposed new management agreement for the hotel, which agreement shall be subject to the approval of the City, which approval

shall not be unreasonably withheld. Developer shall have full authority, under the terms and conditions of the management agreement, to direct and control the management, operation and financing of the hotel in a manner which is fully compliant with the terms and conditions of the Franchise Agreement and at a level which will not adversely affect the quality, condition, reputation or value of the hotel or the Project. Any management agreement for the hotel shall not be assigned or amended without the prior written consent of the City, which consent shall not be unreasonably withheld. In the event a proposed new management agreement submitted to the City by Developer is not approved by the City, Developer shall be responsible for the management of the hotel until such time as a management agreement is submitted to the City which is approved by the City. Notwithstanding the City's right to approve the management agreement for the hotel on the Property, the City's approval of the management agreement shall not give rise to any liability on the part of the City for the acts or omissions of Developer or any other manager or its employees or agents. Furthermore, the City shall have no liability to Developer or any other person or entity related to the City's failure to approve any management agreement. A significant portion of the consideration for this Agreement is the expertise in hotel development and management provided by Developer and it is the City's expectation that Developer will remain principally involved in the hotel development and management throughout the term of this Agreement. If any of the terms and conditions of this Section 6.2 are not complied with, such noncompliance shall be deemed a Default by Developer.

ARTICLE VII – DEVELOPER REPRESENTATIONS, WARRANTIES AND COVENANTS

7.1 Developer Representations, Warranties and Covenants. Developer represents, warrants and covenants that:

- (a) it is a limited liability company duly formed and validly existing in the State of Wisconsin, has the power and all necessary licenses, permits and franchises to own its assets and properties and to carry on its business, and is in good standing in the State of Wisconsin and all other jurisdictions in which failure to do so would have a material adverse effect on its business or financial condition;
- (b) it has full authority to execute and perform this Agreement and has obtained all necessary authorizations to enter into, execute and deliver this Agreement;
- (c) the execution, delivery, and performance of its respective obligations pursuant to this Agreement will not violate or conflict with its articles of organization, operating agreement or any indenture, instrument or agreement by which it is bound, nor will the execution, delivery, or performance of its obligations pursuant to this Agreement violate or conflict with any law applicable to it or the Project;
- (d) this Agreement constitutes (and any instrument or agreement that it is required to give under this Agreement when delivered will constitute) legal, valid, and binding obligations of it enforceable against it in accordance with their respective terms;
- (e) it will use commercially reasonable efforts to complete the development and construction of Developer Improvements and the Project expeditiously, in a good and workmanlike manner and in accordance with all acceptable statutes, ordinances and regulations, any restrictions of record and the Final Plans provided to the City regarding the Project;

(f) it will not make or consent to any material modifications to the Final Plans without the prior written consent of the City, except for any material modification that is limited to the inside of the building (such modifications will not need City consent);

(g) it will discharge all claims for labor performed and materials, equipment, and services furnished in connection with the construction of Developer Improvements; nothing contained in this Agreement shall require Developer to pay any claims for labor, services or materials which it, in good faith, disputes and is currently and diligently contesting, provided, however, that it shall, within ten (10) days after the filing (or the assertion) of any claim of lien that is disputed or contested by Developer, obtain and record (if required by the City) a surety bond sufficient to release said claim or lien or provide the City with other such assurances that the City may reasonably require;

(h) it will take all reasonable steps to forestall claims of lien against the Property (any part thereof or right or interest appurtenant thereto) or any personal property and fixtures located or used in connection with the Property;

(i) it will maintain, at all times during construction, a policy of builder's risk completed value and contractor's multiple perils and public liability, extended coverage, vandalism and malicious mischief hazard insurance covering the Property in at least the amount of the full replacement, completed value of the improvements on the Property;

(j) it will pay and discharge all taxes, assessments and other governmental charges upon the Property when due, as well as claims for labor and materials which, if unpaid, might become a lien or charge upon the Property;

(k) it will promptly furnish to the City written notice of any litigation affecting Developer and any claims or disputes which involve a material risk of litigation against Developer;

(l) it shall deliver to the City revised statements of estimated costs of the construction for Developer Improvements showing changes in or variations from the original cost statement provided to the City as soon as such changes are known to Developer;

(m) it shall provide to the City, promptly upon the City's request, any information deemed reasonably necessary by the City related to the MRO and the performance of Developer under this Agreement to enable the City to timely and accurately complete any accounting or reporting requirements applicable to the City related to the transactions under this Agreement and the MRO;

(n) no litigation, claim, investigation, administrative proceeding or similar action (including those for unpaid taxes) against Developer is pending or threatened, and no other event has occurred which may materially adversely affect Developer's financial condition or properties, other than litigation, claims, or other events, if any, that have been disclosed to and acknowledged by the City in writing; and

(o) there are no delinquent outstanding personal property taxes, real estate taxes, or special assessments affecting the Property.

7.2 Execution Representations and Warranties. The person(s) signing this Agreement on behalf of Developer represent and warrant that he/she/they have full power and authority to execute this Agreement on behalf of Developer and to bind Developer to the terms and conditions of this Agreement.

7.3 Repeating Representations. On each Payment Date, Developer shall recertify in writing (electronic or otherwise) the representations and warranties of Developer provided in Section 7.1 above as being true and correct as of each Payment Date.

7.4 Cooperation. Developer warrants that it shall exercise all reasonable diligence and expend all commercially reasonable efforts to undertake its obligations under this Agreement.

ARTICLE VIII – CITY REPRESENTATION AND WARRANTIES

8.1 City Representations and Warranties. The City represents and warrants that:

(a) It is a body politic of the State of Wisconsin with full power and authority to enter into this Agreement and that all statutory procedures and requirements have been followed, fulfilled and satisfied in connection with the approval of this Agreement and the authorization of all City obligations required by this Agreement; and

(b) The individuals signing this Agreement on behalf of the City have full authority to do so and upon such execution by such individuals, this Agreement will constitute (and any instrument or agreement that the City is required to give under this Agreement when executed and delivered will constitute) legal, valid and binding obligations of the City enforceable against it in accordance with their respective terms.

ARTICLE IX – DEFAULTS

9.1 Default. Any one or more of the following shall constitute a “**Default**” under this Agreement.

(a) Developer fails to timely and fully perform, or comply with, any one or more of its respective obligations or any of the terms or conditions of this Agreement or any document related hereto or referenced herein (including, without limitation, the untimely satisfaction of the Conditions or the untimely delivery of the Required Information).

(b) Any representation or warranty made by Developer in this Agreement, any document related hereto or referenced herein or any financial statement delivered by Developer pursuant to this Agreement shall prove to have been false or misleading in any material respect as of the time when made or given.

(c) Developer (or any permitted successor or assign of Developer) shall:

(i) become insolvent or generally not pay, or be unable to pay, or admit in writing its inability to pay, its debts as they mature,

(ii) make a general assignment for the benefit of creditors or to an agent authorized to liquidate any substantial amount of its assets,

(iii) become the subject of an “order for relief” within the meaning of the United States Bankruptcy Code, or file a petition in bankruptcy, for reorganization or to effect a plan, or other arrangement with creditors,

(iv) have a petition or application filed against it in bankruptcy or any similar proceeding, or have such a proceeding commenced against it, and such petition, application or proceeding shall remain undismissed for a period of ninety (90) days or more, or such party, shall file an answer to such a petition or application, admitting the material allegations thereof,

(v) apply to a court for the appointment of a receiver or custodian for any of its assets or properties, or have a receiver or custodian appointed for any of its assets or properties, with or without consent, and such receiver shall not be discharged within ninety (90) days after his appointment, or

(vi) adopt a plan of complete liquidation of its assets.

ARTICLE X– REMEDIES

10.1 Remedies. In the event of a Default, the City shall provide written notice to Developer of the Default (the “**Default Notice**”); however, such defaulting party shall not be entitled to a Default Notice or a right to cure in the event the Default occurs under Subsection 9.1(c) above.

(a) The Default Notice shall provide Developer at least thirty (30) days to cure a Default; however, the 30-day period may be extended to the period of time reasonably necessary to cure the Default, if Developer promptly commences activities to cure the Default in good faith and diligently pursues such activities to fully cure the Default but in no event shall the period of time to cure the Default exceed ninety (90) days from the date of the Default Notice.

(b) In the event the Default is not fully and timely cured by Developer, the City shall have all of the rights and remedies available in law or in equity, including, but not limited to, all or any of the following rights and remedies, and the exercise or implementation of any one or more of these rights and remedies shall not be a bar to the exercise or implementation of any other rights or remedies of the City provided for under this Agreement:

(i) The City may refuse to issue any permits to Developer for the construction of buildings or improvements on the Property;

(ii) The City may recover from Developer all damages, costs and expenses, including, but not limited to, reasonable attorneys’ fees incurred by the City related to or arising out of a Default;

(iii) The City may terminate or postpone its obligation to perform any one or more of its obligations under this Agreement, including, but not limited to, any payment obligations under the MRO; or

(iv) The City may terminate this Agreement.

ARTICLE XI – SUCCESSORS AND ASSIGNS

11.1 Successors and Assigns; Assignment. This Agreement shall be binding upon the successors and assigns of the parties hereto; however, this provision shall not constitute an authorization of Developer to assign or transfer its rights and obligations under this Agreement. This Agreement shall not be assigned by Developer without the prior written consent of the City, which consent may be withheld for any reason.

ARTICLE XII – TERMINATION

12.1 Termination. This Agreement shall not terminate until the earlier of:

- (a) termination by the City of the District pursuant to §66.1105(7) of the TI Act,
- (b) the MRO being paid in full, or
- (c) termination by the City pursuant to the terms of this Agreement;

however, and notwithstanding any provision herein to the contrary, the termination of this Agreement shall not cause a termination of the rights and remedies of the City under this Agreement.

ARTICLE XIII – NOTICES

13.1 Notices. Any notice given under this Agreement shall be deemed effective when: (a) personally delivered in writing; (b) a commercially recognized overnight delivery service provides confirmation of delivery; or (c) the third day after notice is deposited with the United States Postal Service (postage prepaid, certified with return receipt requested) and addressed as follows:

14.1 Applicable Law. This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of Wisconsin. Any litigation related to this Agreement shall be brought in the state courts of the State of Wisconsin and the parties hereto agree to submit to the jurisdiction and venue of the Circuit Court for Sauk County, Wisconsin.

ARTICLE XV – MISCELLENEANEOUS

15.1 Entire Agreement. This Agreement and all of the documents referenced herein or related hereto (as any of the aforementioned documents have been or may be amended, extended or modified) embody the entire agreement between the parties relating to the transactions contemplated under this Agreement and all agreements, representations or understanding, whether oral or written, that are prior or contemporaneous to this Agreement are superseded by this Agreement.

15.2 Amendment. No amendment, modification or waiver of any provision of this Agreement, nor consent to any departure by a party from any provision of this Agreement shall in any event be effective unless it is in writing and signed by each of the parties hereto, and then such waiver or consent shall be effective only in the specific instance and for the specific purposes for which it is given by the respective party.

15.3 Invalid Provisions. The invalidity or unenforceability of a particular provision of this Agreement shall not affect the other provisions, and this Agreement shall be construed in all respects as if such invalid or unenforceable provision were omitted.

15.4 Headings. The article and section headings of this Agreement are inserted for convenience of reference only and are not to be construed as defining or limiting, in any way, the scope or intent of the provisions hereof.

15.5 No Waiver; Remedies. No failure on the part of the City to exercise, and no delay in exercising, any right, power or remedy under this Agreement shall operate as a waiver of such right, power or remedy; nor shall any single or partial exercise of any right under this Agreement preclude any other or further exercise of the right or the exercise of any other right. The remedies provided in this Agreement are cumulative and not exclusive of any remedies provided by law.

15.6 No Third Party Beneficiaries. This Agreement is solely for the benefit of the named parties hereto and their permitted assignees, and nothing contained in this Agreement shall confer upon anyone other than such parties any right to insist upon or enforce the performance or observance of any of the obligations contained in this Agreement.

15.7 No Joint Venture. The City is not a partner, agent or joint venture of or with Developer.

15.8 Recording of a Memorandum of this Agreement Permitted. A memorandum of this Agreement may be recorded by the City in the office of the Register of Deeds for Sauk County, Wisconsin, and, upon request of the City, Developer shall execute and deliver to the City a memorandum of this Agreement for recording purposes.

15.9 Force Majeure. If any party is delayed or prevented from timely performing any act required under this Agreement by reason of extraordinary and uncommon matters beyond the reasonable control of the party obligated to perform, including (but not limited to) fire, earthquake, war, terrorist act, pandemic, epidemic, flood, riot, or other similar causes, such act shall be excused for the period of such delay, and the time for the performance of any such act shall be extended for a period equivalent to such delay; provided, however, that the time for performance shall not be extended by more than ninety (90) days unless agreed to in writing by the parties hereto.

 CITY OF BARABOO

TAXABLE TAX INCREMENT PROJECT MUNICIPAL REVENUE OBLIGATION (“MRO”)

<u>Number</u>	<u>Date of Original Issuance</u>	<u>Amount</u>
_____	_____	\$2,566,722.00

FOR VALUE RECEIVED, the City of Baraboo, Sauk County, Wisconsin (the “**City**”), promises to pay to S & L Hospitality, LLC, a Wisconsin limited liability company (the “**Developer**”), or registered assigns, but only in the manner, at the times, from the source of revenue and to the extent hereinafter provided, the principal amount of Two Million Five Hundred Sixty-Six Thousand Seven Hundred Twenty-Two and 00/100 Dollars (\$2,566,722.00), without interest.

This MRO shall be payable in installments of principal due on December 31 (the “**Payment Dates**”) in each of the years and in the amounts set forth on the debt service schedule attached hereto as Schedule 1.

This MRO has been issued to finance projects within the City’s Tax Incremental District No. 11 (the “**District**”), pursuant to Article XI, Section 3 of the Wisconsin Constitution and Section 66.0621, Wisconsin Statutes and acts supplementary thereto, and is payable only from the income and revenues herein described, which income and revenues have been set aside as a special fund for that purpose and identified as the “Special Redemption Fund” provided for under the Resolution adopted on _____, 202__ by the City Council (the “**Resolution**”). This MRO is issued pursuant to the Resolution and pursuant to the terms and conditions of the Tax Incremental District Development Agreement dated as of December 13, 2022 among the City and Developer (the “**Development Agreement**”). This MRO does not constitute an indebtedness of the City within the meaning of any constitutional or statutory limitation or provision. This MRO shall be payable solely from Available Tax Increments generated by the real estate, improvements, and any taxable personal property associated with the Property and appropriated by the City Council to the payment of this MRO (the “**Revenues**”). Reference is hereby made to the Resolution and the Development Agreement for a more complete statement of the revenues from which and conditions and limitations under which this MRO is payable and the general covenants and provisions pursuant to which this MRO has been issued. The Resolution and Development Agreement are incorporated herein by this reference. All capitalized terms that are not otherwise defined in this MRO shall take on the meaning given to such terms in the Development Agreement.

If on any Payment Date there shall be insufficient Revenues appropriated to pay the principal due on this MRO, the amount due but not paid shall be deferred. The deferred principal shall be payable on the next Payment Date until the Final Payment Date (as defined below). Notwithstanding any provision herein to the contrary, the City shall have no obligation to pay any amount of this MRO which remains unpaid after the Final Payment Date. The owner of this MRO shall have no right to receive payment of any deferred amounts, unless there are available Revenues which are appropriated by the City Council to payment of this MRO. If, in any calendar year, the Revenues exceed the amount payable in that year on the MRO (“**Surplus Increment**”), the City may, subject to appropriation of such payment by the City Council, apply the Surplus Increment to prepayment of principal on the MRO. The “**Final Payment Date**” is December 31, 2039.

At the option of the City, this MRO may be prepaid in whole or in part at any time.

The City makes no representation or covenant (express or implied) that the Tax Increments or other Revenues will be sufficient to pay, in whole or in part, the amounts which are or may become due and payable hereunder.

The City’s payment obligations hereunder are subject to appropriation by the City Council of Tax Increments or other amounts to make payments due on this MRO. In addition, as provided in Section 4.3 of the Development Agreement, the total amount of principal to be paid shall in no event exceed Two Million Five Hundred Sixty-Six Thousand Seven Hundred Twenty-Two and 00/100 Dollars (\$2,566,722.00). When that amount of Revenue has been appropriated and applied to payment of this MRO, the MRO shall be deemed to be paid in full and discharged, and the City shall have no further obligation with respect hereto. Further, as provided in Sections 4.1 and 4.3 and ARTICLE X of the Development Agreement, the City shall have no obligation to make payments on this MRO in the event Developer is in default beyond the applicable cure period(s) under any of the terms and conditions of the Development Agreement.

This MRO is a special, limited revenue obligation and not a general obligation of the City and is payable by the City only from the sources and subject to the qualifications stated or referenced herein. This MRO is not a general obligation of the City, and neither the full faith and credit nor the taxing powers of the City are pledged to the payment of the principal or interest of this MRO. Further, no property or other asset of the City, except the above-referenced Revenues, is or shall be a source of payment of the City’s obligations hereunder.

This MRO is issued by the City pursuant to, and in full conformity with, the Constitution and laws of the State of Wisconsin.

This MRO may be transferred or assigned, in whole or in part, only with the consent of the City, which may be withheld for any reason. Interests in this MRO may not be split, divided or apportioned. In order to transfer or assign the MRO, the transferee or assignee shall surrender the same to the City either in exchange for a new, fully-registered municipal revenue obligation or for transfer of this MRO on the registration records for the MRO maintained by the City. Each permitted transferee or assignee shall take this MRO subject to the foregoing conditions and subject to all provisions stated or referenced herein and in the Development Agreement.

It is hereby certified and recited that all conditions, things and acts required by law to exist or to be done prior to and in connection with the issuance of this MRO have been done, have existed and have been performed in due form and time.

IN WITNESS WHEREOF, the City Council of the City of Baraboo has caused this MRO to be signed on behalf of the City by its duly qualified and acting City Administrator and City Clerk, and its corporate seal to be impressed hereon, all as of the date of original issue specified above.

MUNICIPAL PROPERTY INSURANCE COMPANY

9701 Brader Way, Suite 301, Middleton, WI 53562

Policy Provisions

Read the entire policy carefully to determine rights, duties, and what is and what is not “covered.” Several provisions in this policy restrict coverage.

Throughout this policy, the words “you” and “your” refer to the Named Insured shown on the Declarations page. The words “we”, “us” and “our” refer to Municipal Property Insurance Company. Other words and phrases that appear in quotation marks have special meaning. Refer to Section IX, Definitions, and Section IV. Definition of “Contractors Equipment”.

In consideration of the provisions of this policy, the payment of premium, receipt of a statement of values, “Property in the Open” schedule and/or contractors equipment detail, we insure those named on the Declaration page for the coverages defined in this policy, during the policy term stated on the Declarations Page.

SECTION I – PERILS “COVERED” Coverage: This policy insures against sudden and accidental direct physical loss or damage except as limited or excluded in the following sections.

SECTION II – DEDUCTIBLE

The amount shown as deductible on the Declarations page shall be deducted from the claim for each “occurrence”.

If more than one coverage under this policy applies to the same “occurrence”, then the deductible will be calculated as follows: we will determine which coverage accounts for the largest proportion of the loss, and only the deductible associated with the largest portion of the loss will apply, unless otherwise stated.

SECTION III – AMOUNT OF COVERAGE

With regard to “buildings”, personal property regardless of its location, and “Property in the Open”:

The amount of coverage shall be limited as stated in Sections IV, V and VII.

Unless limited by other provisions of this policy or by endorsement, “buildings”, personal property, and “Property in the Open”, are subject to an “occurrence” limit of 125% of the Total Insured Value shown on the Statement of Values.

SECTION IV – “COVERED” PROPERTY; LIMIT OF COVERAGE

Subject to the terms, conditions, limitations and exclusions in the policy, this policy covers:

- A. “Buildings” and structures listed on the Statement of Values.
- B. Non-Owned Property. “Buildings” and structures listed on the Statement of Values for which you may be contractually liable in the event of damage or destruction and which are in your care, custody or control and being used for a legitimate governmental purpose.
- C. Personal property you own or are legally responsible for insuring.
- D. “Property in the Open”. The amount we will pay for “Property in the Open” is limited to \$10,000 per “occurrence”. However, this \$10,000 limitation per “occurrence” does not apply to items listed separately on the Statement of Values “Property in the Open” detail list.

- E. Leased property improvements and betterments at locations listed on the Statement of Values. In the event improvements or betterments made by you are damaged or destroyed during the term of this policy by an insured peril, our liability will be determined as follows:
1. If you elect to repair or replace a damaged improvement or betterment, actual repair or replacement must be made as soon as reasonably possible after the loss or damage occurs, but not to exceed two (2) years unless the time is extended in writing by us.
 2. If the improvements or betterments are not repaired or replaced, we will pay a fraction of the original cost of the improvement. The fraction will be proportional to the remaining term of the lease as of the date of loss.
- F. The cost of removing debris when "covered" property is destroyed or damaged by an insured peril. However, unless otherwise provided for in this policy, debris removal does not apply to costs:
1. To extract "pollutants" or "contaminants" from land or water; or
 2. To remove, restore or replace land or water containing or affected by "pollutants" or "contaminants"; or
 3. For asbestos cleanup, removal or abatement.
- G. The cost to repair or replace foundations of "buildings", structures, machinery or boilers, provided that those foundations are beneath the basement level or underground.

The most we will pay for any "occurrence" under this section is \$100,000.

- H. The cost of excavation, grading or filling related to an "occurrence", the most we will pay under this coverage is \$50,000.
- I. Lawns, trees, shrubs, and plants if within 100 feet of an insured "building". The amount we will pay is limited to \$500 for any one tree, shrub, or plant and \$1,000 for lawn damage up to a maximum of \$25,000 per "occurrence"
- J. "Contractors Equipment", as defined in Section X., that you own or are legally responsible for insuring up to a limit of \$25,000 for each item including its attachment(s). Equipment not listed in Section X. is considered personal property and is "covered" the same way as your other personal property. See Section IV.C.

Coverage, in excess of the \$25,000 per item, is provided only if the equipment is scheduled and a premium for the coverage is shown on the Declarations page, unless the equipment is newly acquired during the current policy period, provided your interest is not covered under any other policy of insurance.

- K. "Valuable Records" that are your property or property of others in your care, custody, or control.

We will also pay for:

1. Expenses necessary to research and recreate lost "valuable records"; and
2. Expenses necessary for transcribing or copying lost "valuable records" from available secondary sources.

We will not pay for losses caused by errors, omissions, or negligence in processing or copying.

- L. Employees' Personal Property. We will cover personal property owned by your employees while on your premises if that employee's property is not covered by other insurance. The maximum coverage for property owned by any one employee is \$500. The coverage limit for each "occurrence" is \$10,000.

- M. Personal property owned by someone other than you or your employees, if the personal property is not covered by other insurance, while it is in your care, custody, or control and while it is on the premises described in the Statement of Values. The coverage limit per "occurrence" for all such property is \$10,000.
- N. "Extra Expense". Provided a loss or damage to "covered" property is caused by an insured peril we will pay up to a maximum of \$10,000,000 (unless a higher limit has been established by endorsement) under this "extra expense" coverage subject to the following:

We will pay "Extra Expense" to allow you to continue "operations" at:

1. Your insured premises; or
2. Replacement premises; or
3. Temporary premises you use while your insured premises are being restored.

Costs to relocate, or to equip and operate the premises in N.2 or N.3, are covered.

Adjustment of any loss under this coverage will reflect the salvage value of property that you obtained for use while your property was being restored and that you retain after the resumption of normal "operations".

- O. "Buildings" or structures acquired by you during the policy period at any location, provided your interest is not covered under any other policy of insurance.
- P. Remodeling and repairs to existing buildings listed on the Statement of Values, unless the work involves an increase in square footage or a change in the footprint of the building or foundation.
- Q. Underground fiber optic cable. We will pay for the repair or replacement of underground fiber optic cable within 1,000 feet of your "building" when loss of or damage to the cable is caused by a "covered" peril.
- R. Refrigerated Property. We will pay for loss or damage you sustain from spoilage of refrigerated or perishable property you own or are legally responsible to insure, if the spoilage is due to:
1. Contamination by a refrigerant; or
 2. Temperature change due to:
 - a. Mechanical breakdown or failure of refrigeration systems;
 - b. Burning out of electric motors;
 - c. Blowing of fuses or circuit breakers;
 - d. The breakdown or malfunction of the equipment or apparatus connecting or controlling refrigeration systems, electrical motors, or electrical power; or
 - e. Complete or partial lack of power to operate the refrigeration systems.

- S. Ordinance or Law Coverage.

Provided a loss or damage to "covered" property is caused by an insured peril we will pay up to a maximum of \$5,000,000 (unless a higher limit has been established by endorsement) for the increased cost to repair, rebuild or reconstruct "covered" property caused by enforcement of or compliance with a building, zoning or land use ordinance or law subject to the following:

1. We will also pay for loss or damage to the undamaged portion of a "covered" "building" or structure caused by enforcement of or compliance with any ordinance or law that:
 - a. Requires the demolition of parts of the same "building" or structure not damaged by an insured peril;
 - b. Regulates the construction or repair of "buildings" or structures, or establishes zoning or land use requirements at the described premises; and
 - c. Is in force at the time of loss or damage.
2. The following conditions apply to this coverage and must be met before we will make payment:
 - a. You must actually repair or replace the "covered" property; and
 - b. You must repair or replace the property as soon as reasonably possible after the loss or damage. Unless we consent to writing, this time period may not exceed two years.
3. If the property is repaired or rebuilt, it must be intended for similar occupancy as the current property, unless otherwise required by zoning or land use ordinance or law.
4. The most we will pay under this coverage is the increased cost of construction at the same site, unless an ordinance or law requires relocation to another site, in which case the most we will pay is the increased cost of construction at the new site.
5. If the property is repaired or replaced on the same or another site, we will not pay more for loss or damage to "covered" property, including loss caused by enforcement of or compliance with an ordinance or law, than the amount you actually spend to repair or rebuild the "building" or structure to the minimum standards required by the ordinance or law. In no event will we pay more than the following:
 - a. For a "historical building":
 - 1) The cost of repairing or replacing at the same site a "building" or structure of the same height, square footage and style with a less costly "building" or structure that is functionally equivalent to the damaged "building" or structure; or
 - 2) The cost of repairing or replacing the damaged portion of the "covered" "historical building" with less costly material consistent with its previous architectural style.
 - b. For all other "covered" "buildings" or structures, the cost of repairing or rebuilding at the same site a "building" or structure of the same height, square footage, style and quality as the "covered" property at the time of the loss or damage.
6. If the property is not repaired or replaced, we will not pay more for loss or damage to "covered" property, including loss caused by enforcement of or compliance with an ordinance or law, than the "actual cash value" of the "covered" property at the time of the loss or damage.
7. We will not pay for the cost of compliance with any ordinance or law that requires:
 - a. Repairing, remediating, or tearing down property due to "contaminants" or "pollutants" or resulting from the presence or spread of "fungus", wet or dry rot, viruses, bacteria, or other microorganisms; or,
 - b. Testing for, monitoring, or cleaning up "pollutants", "contaminants", wet or dry rot, "fungus", viruses, bacteria, or other microorganisms.

T. Limited Coverage for Unscheduled "Buildings"

For unscheduled "buildings" not on the Statement of Values, coverage will be provided up to \$1,000,000 for a covered loss.

It is a condition of this coverage that the "buildings" be scheduled when discovered. In addition, you must pay any unpaid premium on the unscheduled "buildings" back to policy inception.

This coverage does not apply when:

1. The insured intentionally left the "buildings" unscheduled; or
2. The insured could have discovered with reasonable diligence that the "buildings" had unintentionally been left unscheduled.

This provision does not apply to "buildings" or structures acquired by you during the policy period as coverage for these items is provided in Section IV.O. in this policy.

U. Electronic data processing equipment, "electronic data" and "computer programs" consisting of the following:

1. Electronic data processing equipment owned by or leased to you, including its component parts and similar property of others for which you are legally liable;
2. Your "electronic data", "computer programs" and similar property of others for which you are legally liable.
3. Accounts, bills, evidences of debt, valuable papers, records, abstracts, deeds, manuscripts or other documents that were converted to "electronic data".
4. We will also pay for:
 - a. Expenses necessary to research and recreate lost "electronic data";
 - b. Expense for copying lost "electronic data" from available secondary sources.
5. We will not cover:
 - a. "Electronic data" or "computer programs" which cannot be replaced with others of the same kind or quality;
 - b. Losses caused by errors, omissions, or negligence in processing or copying; or,
 - c. Accounts that are your records of accounts receivables.

V. Fire Department Charges.

We will reimburse you up to \$25,000 at each premises for charges of each fire department involved in containing a fire or other "covered" loss to which this insurance applies. No deductible applies to this reimbursement.

W. Asbestos Cleanup, Abatement and Removal.

We will pay up to \$5,000,000 for your expense to clean up, abate, or remove from "covered" property asbestos particles that are discharged, dispersed, or released, subject to the following conditions:

1. The discharge, dispersal, or release must occur as a result of a covered peril.

2. Covered damages before the cost of the asbestos cleanup, removal, or abatement must exceed the policy deductible.
3. The discharge, dispersal, or release must occur accidentally and begin and end within 72 hours.
4. The discharge, dispersal, or release must not be the result of planned building renovation, remodeling or demolition activities.

X. Service Dogs and Horses.

Service dogs and horses are considered to be destroyed if, because of injury, the dog or horse is not able to perform the dog's or horse's normal functions and there is no reasonable prospect that the dog or horse will be able to do so.

1. For service dogs and horses that are destroyed in the scope of their duties, we will pay for the cost to replace the dog or horse and the cost of any necessary training.
2. We will pay the cost of necessary treatment and care to enable the dog or horse to resume performing the dog's or horse's normal functions. We will not pay the cost of treatment and care to treat and prevent disease. This coverage does not apply to mortality, injury, or sickness from causes outside the scope of duties of the service dog or horse.

The maximum amount we will pay per service dog or horse is the lesser of \$25,000 or the total of the expenses related to the replacement of the dog or horse plus expenses for the care or treatment of the service dog or horse. A deductible of \$1,000 will apply to this coverage on a per "occurrence" basis.

- Y. We will pay the reasonable and necessary expenses we require you to incur for the documentation of an "occurrence". The most we will pay for these expenses is \$50,000.

This coverage does not apply to any expenses incurred by "you" for any insurance adjusters, consultants, attorneys retained by you or any work performed by their subsidiary or affiliate.

- Z. We will pay for reasonable and necessary architectural design and engineering fees associated with an "occurrence". The most we will pay for this coverage is \$100,000.

AA. Limited Coverage For "Fungus", Wet Rot, Dry Rot, Virus, Bacterium And Other Microorganism.

1. The coverage described in Paragraph 2. below only applies when: a) the "fungus", wet or dry rot, virus, bacterium or other microorganism is the result of one or more of the "specified causes of loss", other than fire or lightning; b) the "specified causes of loss" occurs during the policy period; and c) you took all reasonable measures to protect the property from additional damage during and after the "occurrence".
2. We will pay for direct physical loss or damage caused by "fungus", wet or dry rot, virus, bacterium or other microorganism subject to the coverage limits specified in Paragraph 3 of this Limited Coverage. For purposes of this paragraph, the term "loss or damage" includes costs necessarily incurred to:
 - a. Eradicate the "fungus", wet or dry rot, virus, bacterium or other microorganism;
 - b. Access the part of the "building" or other property where the "fungus", wet or dry rot, virus, bacterium or other microorganism is located; and
 - c. Test to ensure that the "fungus", wet or dry rot, virus, bacterium or other microorganism has been successfully eliminated.

3. We will pay no more than \$25,000 for each "covered" loss under Paragraph 2. We will pay no more than \$50,000 for the total of all occurrences of "covered" losses under Paragraph 2. During any annual policy period, regardless of the number of claims made. We will pay no more than \$25,000 for a particular "specified causes of loss" which results in "fungus", wet rot, dry rot, virus, bacterium or other microorganism even if the "fungus", wet rot, dry rot, virus, bacterium or other microorganism remains present through multiple policy periods or reappears in subsequent policy periods.
4. This coverage does not increase the amount we will pay for loss or damage to "covered" property above the limits referenced in **Section III – Amount of Coverage**. We will not pay more than the limits set forth in **Section III – Amount of Coverage** even if loss or damage results from more than one cause, including "fungus", wet rot, dry rot, virus, bacterium or other microorganism.

If there is a "covered" loss or damage not caused by "fungus", wet rot, dry rot, virus, bacterium or other microorganism, payment for that loss will not be limited by this coverage unless "fungus", wet rot, dry rot, virus, bacterium or other microorganism increases the amount of the loss or damage. To the extent that "fungus", wet rot, dry rot, virus, bacterium or other microorganism increases the amount of the loss or damage, payment for that increase is limited by the terms of Paragraph 3.

5. The following additional condition applies to losses "covered" under **Limited Coverage For "Fungus", Wet Rot, Dry Rot, Virus, Bacterium And Other Microorganism** when the policy includes the Business Income Endorsement: The "specified causes of loss" definition will apply to any loss arising from "fungus", wet or dry rot, virus, bacterium or other microorganism that is "covered" under Paragraph **B. Limited Coverage For "Fungus", Wet Rot, Dry Rot, Virus, Bacterium And Other Microorganism** and under the Business Income Endorsement.

BB. "Fine Arts". We will only provide coverage for "Fine Arts" subject to the following:

1. We will not pay more than \$50,000 for any one "Fine Arts" unless you insure those items for specific amounts by purchasing an Agreed Value Fine Arts Endorsement.
2. The most we will pay for each item covered under this additional coverage shall not exceed the lesser of the following amounts:
 - a. \$50,000;
 - b. The cost of replacing the damaged property at the time of loss with property of like kind and quality to be used for the same purpose on the same site; or
 - c. The amount actually spent repairing your damaged property as soon as reasonably possible after the loss or damage, but within a time not to exceed two (2) years from the date of the loss or damage, unless the time is extended in writing by us.
3. **SECTION VII-Basis of Recovery** does not apply to this additional coverage.

CC. "Flood". We will provide coverage for loss due to "flood", subject to the following limitations:

1. This Additional Coverage does not apply to loss at any property located in a designated flood plain, special flood hazard area (SFHA) or 100 year flood plain with a prefix of "A" or "V" – as specified and defined by the National Flood Insurance Program (NFIP).

The most we will pay under this Coverage is \$5,000,000 per policy period.

DD. "Pollutants" or "Contaminants". We will pay no more than \$2,000,000 for reasonable and necessary expenses incurred for removal, disposal or clean-up of actual "pollutants" or "contaminants" from land or water at an insured location and due to "specified causes of loss". The release, emission, leakage or spreading of "pollutants" or "contaminants" must be caused by a loss not otherwise excluded.

The most we will pay in each annual policy period under this coverage is \$2,000,000 for all "specified causes of loss".

All expenses must be reported to us within 180 days after the date of the "specified causes of loss" to be eligible for this coverage. We will not pay for costs of testing for "pollutants" or "contaminants" unless such testing is performed while the "pollutants" or "contaminants" are being removed from the land or water. We will not pay for costs of monitoring "pollutants" or "contaminants" or determining the extent of pollution or contamination.

EE. Emergency Response Equipment

Emergency response equipment contained within or on an emergency response vehicle that is not affixed or attached is covered as personal property subject to a \$1,000 deductible per occurrence regardless of any other applicable deductible.

FF. We will pay not more than \$5,000,000 per policy period for:

1. Earthquake, meaning a shaking or trembling of the earth's crust, caused by underground volcanic or tectonic forces or by breaking or shifting of rock beneath the surface of the ground from natural causes.
2. Volcanic Eruption, meaning the eruption, explosion or effusion of a volcano.
3. Landslide, meaning the rapid downward movement of a mass of rock, earth or artificial fill on a slope.
4. Mine Subsidence, meaning lateral or vertical ground movement caused by a failure initiated at the mine level of man-made underground mines, including but not limited to coal, clay limestone and fluorspar mines.

All Earthquake shocks, Volcanic Eruptions, Landslides or Mine Subsidence ground movements that occur within any 168-hour period will constitute a single Earthquake, Volcanic Eruption, Landslide or Mine Subsidence.

The following additional exclusions apply to this coverage:

1. This insurance for Earthquake, Volcanic Eruption, Landslide and Mine Subsidence does not apply to, or modify any limits or deductibles that apply to:
 - a. The insurance otherwise provided for loss or damage by fire or explosion that results from an Earth Movement, other than Volcanic Eruption, and for loss or damage by fire, building glass breakage or "volcanic action" that results from a Volcanic Eruption; or
 - b. Any other Insurance provided for loss or damage to which Earth Movement exclusion does not apply.
2. This insurance will not pay for loss or damage caused by or resulting from any Earthquake, Volcanic Eruption, Landslide or Mine Subsidence that begins before the inception of this insurance.
3. This insurance does not apply to the cost of restoring or remediating land or to loss resulting from the time required to restore or remediate land.

SECTION V – PROPERTY NOT "COVERED"

The following are not "covered" property unless specifically added or endorsed to this policy:

- A. Land, water, crops, and standing or cut timber, wherever located.

- B. Cost of excavation, grading or filling not related to an “occurrence”.
- C. Underground and buried cables, pipes, flues or drains, underground storage tanks and tunnels including those that are part of your storm, water or sewer systems, located more than 1,000 feet, on the horizontal, from a “covered” “building” or structure, except underground and buried pipes, flues or drains that are:
 - 1. Part of the water treatment plant, wastewater treatment plant, lift station or gas reduction station premises; or
 - 2. Part of a geothermal heating and cooling system.
- D. Those portions of sidewalks, bridges (including roadway/vehicular bridges and railroad bridges), roadways, culverts, paved surfaces, and associated guard rails located more than 100 feet from a “covered” “building” or structure, except for bridges that are:
 - 1. Bridges used exclusively for pedestrian traffic.
- E. SECTION VIII – CONDITIONS

This policy is subject to the following conditions:

- A. **Other Insurance.** If there is other insurance covering loss to the property from any peril(s) insured against under this policy, we will not be liable under this policy until such other insurance has been exhausted. We shall not be liable for payment of deductibles under other policies.

- B. **Cancellation and Nonrenewal.** You may cancel this policy at any time by giving us written notice or returning the policy to us and stating at what future date coverage is to stop.

We may cancel or not renew this policy by written notice to you at the address shown on the declarations. If the notice is mailed, it will be by first class mail. Proof of delivery of mailing is sufficient proof of notice.

If this policy is in effect for less than 60 days, we may cancel you for any reason.

If this policy has been in effect 60 days or more or if it is a renewal of a policy issued by us, we may cancel or not renew only at the anniversary date unless:

1. The premium has not been paid when due;
2. We discover material misrepresentation made by you or with your knowledge in obtaining the policy, continuing the policy, or presenting a claim under the policy,
3. There has been a substantial change in risk assumed that we could not have reasonably foreseen or contemplated in writing the policy; or
4. There have been substantial breaches of contractual duties, conditions or warranties.

If we cancel this policy, we will give you notice at least ten days before cancellation is effective.

If we cancel or non-renew this policy at the anniversary date, we will give you at least 60 days advance notice.

Your return premium, if any, will be calculated on a pro rata basis and refunded at the time of cancellation or as soon as practical. Payment or tender of the unearned premium is not a condition of cancellation.

- C. **Renewal.** If we decide to renew or amend this policy at the anniversary date with terms less favorable to you or at a higher premium, we will give you notice of the altered terms at least 60 days prior to the renewal or anniversary date. Our notice will be delivered or mailed by first class mail.

A notice is not needed if it involves a premium increase and the premium increase:

1. Is less than 25% and is generally applicable to the class of business to which this policy belongs; or
2. Results from a change based on your action that alters the nature or extent of the risk insured against, including but not limited to a change in classification or the units of exposure, or increased policy coverage.

- D. **Change in Use or Occupancy.** If your use or occupancy of any "building" or structure "covered" by this policy changes, you must notify "us" of such change in use or occupancy at renewal.

- E. **Appraisal.** In the event that you and we disagree as to the value or the amount of loss, then, on the written demand of either, each shall select a competent and disinterested appraiser and notify the other of the appraiser within twenty days of such demand. These two appraisers will then select a competent and disinterested umpire; and failing for fifteen days to agree upon such umpire, then, on request of you or we, such umpire shall be selected by a judge of a court of record in the state in which the property covered is located.

The appraisers will appraise the loss, stating separately the value and damage. Failing to agree, they will submit their differences to the umpire. A decision agreed to, in writing and filed with us, by any two will be binding. Each party will:

1. Pay its chosen appraiser; and

2. Bear the other expenses of appraisal and umpire equally.

If there is an appraisal, we still retain our right to deny the claim.

F. **Options.** In the event of a loss or damage to “covered” property we will, at our option, decide whether to:

1. Pay based on the cost to repair or replace the damaged “covered” property; and/or
2. Retain salvage rights to the damaged “covered” property.

G. **Abandonment.** There may be no abandonment of any property to us.

H. **When Losses Will Be Paid.** We will pay for covered loss or damage within 30 days after we receive the Sworn Statement in Proof of Loss, provided you have complied with all of the terms of this policy, and (1) we have reached agreement with you on the amount of loss; or (2) a valid Appraisal Award has been rendered.

I. **Loss Payable.** Loss will be adjusted with and payable to you except with regard to loss of property in which others have an insurable interest identified in this policy as owner(s), mortgagee(s), or loss payee(s), at which time the loss will be adjusted with you and payable to you and such other owner(s), mortgagee(s), or loss payee(s) as designated.

J. **Subrogation.** Upon payment to you by us, we acquire all rights of recovery you have or may have against any party, to the extent of such payment. We will not be entitled to recover until you have been made whole. Any waiver of subrogation made by you on or after the effective date of this policy to insure your property through us is not binding on us and will not affect our rights of recovery against any party to the extent of any payment by us to you.

K. **Liberalization.** Any change we make to this coverage form during the policy period, or the 45 days preceding it, that expands the coverage provided by this policy and that does not require the payment of additional premiums will be included in the policy.

L. **Suit Against Us.** No suit to recover any loss may be brought against us unless:

1. The terms of the property coverage have been fully complied with; and
2. The suit is commenced within one year after the loss.

If any applicable law makes this limitation invalid, then suit must begin with the shortest period permitted by the law.

M. **Assignment.** Assignment of this policy will not be valid except with the written consent by us.

N. **Premium Adjustment:**

Only endorsements adding or deleting a coverage components, during the policy period, resulting in a net premium adjustment will be charged or credited to the insured. These premium adjustments will be charged or credited on a pro-rata basis from the effective date of the endorsement.

O. **No Benefit To Bailee:**

No one, other than the policyholder, who has custody of the “covered” property is entitled to the benefits of this policy.

P. **Inspections and Surveys.** You grant us the right to have rating, advisory, rate services or similar organizations make insurance inspections and surveys and create reports or recommendations on our behalf. The decision to

make any inspections and surveys or to issue reports or recommendations is at our sole discretion. The activities of these organizations are for our benefit in establishing premiums but may incidentally indicate possible improvements to your business activities.

These inspections and surveys are not intended to benefit you, your employees, or the public and should not be relied upon in lieu of conducting your own health and safety inspections. Neither we nor any organization performing an inspection or survey on our behalf warrants that conditions on your premises are safe or healthful or that they comply with applicable laws, regulations, or safety standards.

Take all reasonable steps to protect the "covered" property from further damage, and keep a record of your expenses necessary to protect the "covered" property, for consideration in the settlement of the claim. This will not increase the Limit of Insurance. However, we will not pay for any subsequent loss or damage resulting from a cause of loss that is not a "covered" peril. Also, if feasible, set the damaged property aside and in the best possible order for examination.
5. At our request, give us complete inventories of the damaged and undamaged property. Include quantities, costs, values and amount of loss claimed.
6. As often as may be reasonably required, permit us to inspect the property proving the loss or damage and examine your books and records. Also permit us to take samples of damaged and undamaged property for inspection, testing and analysis, and permit us to make copies from your books and records.

8. Cooperate with us in the investigation or settlement of the claim.
9. MUNICIPAL PROPERTY INSURANCE COMPANY

CAP OF LOSSES FROM CERTIFIED ACTS OF TERRORISM

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

This endorsement modifies insurance provided under:

MUNICIPAL PROPERTY INSURANCE COMPANY POLICY MPIC-001

A. Cap On Certified Terrorism Losses

"Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism pursuant to the federal Terrorism Risk Insurance Act. The criteria contained in the Terrorism Risk Insurance Act for a "certified act of terrorism" include the following:

1. The act resulted in insured losses in excess of \$5 million in the aggregate, attributable to all types of insurance subject to the Terrorism Risk Insurance Act; and
2. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a Program Year (January 1 through December 31) and we have met our insurer deductible under the Terrorism Risk Insurance Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.

B. Application Of Exclusions

The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for any loss which would otherwise be excluded under this Policy, such as losses excluded for nuclear reaction, radiation or contamination; losses due to war, warlike action, insurrection, rebellion and revolution; or, action taken by governmental authority.

MUNICIPAL PROPERTY INSURANCE COMPANY

BUSINESS INCOME ENDORSEMENT

This endorsement modifies insurance provided under:

MUNICIPAL PROPERTY INSURANCE COMPANY POLICY MPIC-001

A. Coverage

1. "Business Income"

- a. We will pay for the actual loss of "Business Income" you sustain due to the necessary "suspension" of your "operations" during the "period of restoration". The "suspension" must be caused by direct physical loss of or damage to property, or loss of utility services except related to overhead power lines or satellites, at premises which are described in the Statement of Values and for which a "Business Income" Coverage limit is shown in the Declarations. The loss or damage must be caused by or result from a "covered" peril. With respect to loss of or damage to "Property in the Open" or personal property in a vehicle, the described premises include the area within 1000 feet of the site at which the described premises are located.

With respect to the requirements set forth in the preceding paragraph, if you occupy only part of the site at which the described premises are located, your premises includes:

- i. The portion of the building which you rent, lease or occupy; and
 - ii. Any area within the building or on the site at which the described premises are located, if that area services, or is used to gain access to, the described "premises."
- b. We will only pay for loss of "Business Income" that you sustain during the "period of restoration" and that occurs within 12 consecutive months after the date of direct physical loss or damage or the date of loss of utility services.

2. Perils Covered, Losses Excluded and Property Not Covered

- a. See the applicable Section of the policy.
- b. Additionally, "Business Income" losses resulting from an insured's inability or failure to generate electricity are excluded.

3. Additional Coverage - Interruption of Computer Operations

Coverage for "Business Income" does not apply when a "suspension" of "operations" is caused by destruction or corruption of electronic data, or any loss or damage to electronic data, except as provided under the Additional Coverage – Interruption of Computer Operations or under the Coverage of Computer-Related Losses Endorsement.

4. Additional Coverages

a. Expenses To Reduce Loss

In the event of a covered loss of "Business Income", we will pay necessary expenses you incur, except the cost of extinguishing a fire, to avoid further loss of "Business Income". The total of our payment for "Business Income" loss and Expenses to Reduce Loss will not be more than the "Business Income" loss that would have been payable under this endorsement if the Expenses To Reduce Loss had not been incurred. This coverage does not increase the Coverage limit.

b. Civil Authority

In this coverage – Civil Authority, the described premises are premises to which this endorsement applies, as shown in the Declarations. When a "covered" peril causes damage to property other than property at the described premises, we will pay for the actual loss of "Business Income" you sustain caused by action of civil authority that prohibits access to the described premises, provided that both of the following apply:

- i. Access to the area immediately surrounding the damaged property is prohibited by civil authority as a result of the damage, and the described premises are within that area but are not more than one mile from the damaged property; and
- ii. The action of civil authority is taken in response to dangerous physical conditions resulting from the damage or continuation of the "covered" peril that caused the damage, or the action is taken to enable a civil authority to have unimpeded access to the damaged property.

Civil Authority Coverage will begin at the time of the first action of civil authority that prohibits access to the described premises and will apply for a period of up to four consecutive weeks from the date on which such coverage began.

c. Alterations And New Buildings

We will pay for the actual loss of "Business Income" you sustain due to direct physical loss or damage at the described premises caused by or resulting from any "covered" peril to:

- i. New buildings or structures, whether complete or under construction;
- ii. Alterations or additions to existing buildings or structures; and
- iii. Machinery, equipment, supplies or building materials located on or within 1000 feet of the described premises and:
 1. Used in the construction, alterations or additions; or
 2. Incidental to the occupancy of new buildings.

If such direct physical loss or damage delays the start of "operations", the "period of restoration" will begin on the date "operations" would have begun if the direct physical loss or damage had not occurred.

d. Extended "Business Income"

If the necessary "suspension" of your "operations" produces a "Business Income" loss payable under this policy, we will pay for the actual loss of "Business Income" you incur during the period that:

- i. Begins on the date property is actually repaired, rebuilt or replaced and "operations" are resumed; and
- ii. Ends on the earlier of:
 - 1. The date you could restore your "operations", with reasonable speed, to the level which would generate the "Business Income" amount that would have existed if no direct physical loss or damage had occurred; or
 - 2. 30 consecutive days after the date determined in i. above.

However, Extended "Business Income" does not apply to loss of "Business Income" incurred as a result of unfavorable business conditions caused by the impact of the "covered" peril in the area where the described premises are located.

Loss of "Business Income" must be caused by direct physical loss or damage at the described premises caused by or resulting from any "covered" peril. This coverage does not apply to loss of utility services.

e. Interruption of Computer Operations

- i. Under this Additional Coverage, "electronic data" has the meaning described under **E Definitions**
- ii. Subject to all of the provisions of this coverage, you may extend the insurance that applies to "Business Income" to apply to a "suspension" of "operations" caused by an interruption in computer operations due to destruction or corruption of "electronic data" due to a "covered" peril.
- iii. With respect to the coverage provided under this coverage, the perils "covered" are subject to the following:
 - 1. Coverage under this Additional Coverage – Interruption of Computer Operations is limited to the "specified causes of loss".
 - 2. There is no coverage for an interruption related to manipulation of a computer system (including electronic data) by any employee, including a temporary or leased employee, or by an entity retained by you or for you to inspect, design, install, maintain, repair or replace that system, unless otherwise provided for in this policy.
- iv. The most we will pay under this Additional Coverage – Interruption of Computer Operations is \$2,500 for all loss sustained in any one policy year, regardless of the number of interruptions or the number of premises, locations or computer systems involved. If loss payment relating to the first interruption does not exhaust this amount, then the balance is available for loss sustained as a result of subsequent interruptions in that policy year. A balance remaining at the end of a policy year does not increase the amount of insurance in the next policy year. With respect to any interruption which begins in one policy year and continues or results in additional loss in a subsequent policy year(s), all loss is deemed to be sustained in the policy year in which the interruption began.

- v. This Additional Coverage – Interruption in Computer Operations does not apply to loss sustained after the end of the "period of restoration", even if the amount of insurance stated in iv. above has not been exhausted.

5. Coverage Extension

You may extend the insurance provided by this endorsement as follows: **NEWLY ACQUIRED LOCATIONS**

- a. You may extend your "Business Income" Coverage to apply to property at any location you acquire other than fairs or exhibitions.
- b. The most we will pay for loss under this Extension is \$100,000 at each location.
- c. Insurance under this Extension for each newly acquired location will end effective the date you terminate this insurance or at the first renewal of this policy that follows acquisition of the newly acquired location.

B. Limits of Insurance

The most we will pay for loss in any one occurrence is the applicable Coverage limit shown in the Declarations. Payments under the following Additional Coverages will not increase the applicable Coverage limit:

- 1. Alterations And New Buildings;
- 2. Civil Authority;
- 3. Extended "Business Income"; or
- 4. Expenses To Reduce Loss.

The amounts of insurance stated in the Interruption of Computer Operations Additional Coverage and the Newly Acquired Locations Coverage Extension apply in accordance with the terms of those coverages and are separate from the Coverage limit(s) shown in the Declarations for any other Coverage.

C. Loss Conditions

The following loss conditions also apply to "Business Income" losses:

- 1. **"Business Income" Appraisal** If we and you disagree on the amount of Net Income and operating expense or the amount of loss, either may make written demand for an appraisal of the loss per the procedures established in the Item entitled Appraisal in the CONDITIONS section of the policy.
- 2. **"Business Income" Loss Determination**
 - a. The amount of "Business Income" loss will be determined based on:
 - i. The Net Income of the business before the direct physical loss or damage occurred;

- ii. The likely Net Income of the business if no physical loss or damage had occurred, but not including any Net Income that would likely have been earned as a result of an increase in the volume of business due to favorable business conditions caused by the impact of the "covered" peril on customers or on other businesses;
- iii. The operating expenses, including payroll, necessary to resume "operations" with the same quality of service that existed just before the direct physical loss or damage; and
- iv. Other relevant sources of information, including:
 - 1. Your financial records and accounting procedures;
 - 2. Bills, invoices and other vouchers; and
 - 3. Deeds, liens or contracts.
- b. We will reduce the amount of your "Business Income" loss to the extent you can resume your "operations", in whole or in part, by using damaged or undamaged property (including merchandise or stock) at the described premises or elsewhere.
- c. If you do not resume "operations", or do not resume "operations" as quickly as possible, we will pay based on the length of time it would have taken to resume "operations" as quickly as possible.

D. Additional Business Income Exclusion. We will not pay for:

- 1. Any increase in "Business Income" loss, caused by or resulting from:
 - a. Delay in rebuilding, repairing or replacing the property or resuming "operations", due to interference at the location of the rebuilding, repair or replacement by strikers or other persons; or
 - b. "Suspension", lapse or cancellation of any license, lease or contract. But if the "suspension", lapse or cancellation is directly caused by the "suspension" of "operations", we will cover such loss that affects your "Business Income" during the "period of restoration".
- 2. Any other consequential loss.

Exceptions may be made dependent upon relevant job experience/years of full-time employment within respective field, but cannot exceed budgeted expense. Such exceptions may only be authorized by the Chief/EMS Director

Supervisory Management Employees may not carry more than their annual number of hours plus half, into the following year.

Vacation hours will be paid as if the employee has worked that day, except if vacation is used in lieu of sick leave. If vacation is used in lieu of sick leave, vacation hours will be paid as straight time.

There is no carryover of vacation allowed for Non-management Employees.

There is no cash payout at the end of a year for any unused vacation, except in the event of separation from employment, in which case the *Separation from Employment* policy will be followed.

Executive Leave

Executive Management Employees

- Receive (3) 8-hour days, or 24 hours, of executive leave at the time of hire, and receive (3) 8-hour days, or 24 hours, at each annual anniversary of the hire date.

Sick Leave

All full-time employees will receive 8 hours per month, and accrual will begin at their hire date. *For example, if an employee is hired on the 15th of the month, they would receive 8 hours on the 15th of the following month.*

Sick leave may be used to care for the employee's own or immediate family members' illnesses.

Sick leave will be paid equal to the amount of time missed, not to exceed the amount of time the employee has accrued. Sick leave hours are paid at the employee's base rate per hour and do not count towards hours worked for overtime calculations.

Unused sick leave hours can be carried over annually. When an employee separates from employment, accrued sick leave hours will be paid out at the wage rate in which it was accrued, and per eligibility defined within the *Separation from Employment policy*.

Separation from Employment

Upon termination of employment, whether voluntary or involuntary, the employee must return all company property, including but not limited to: pagers, uniforms, keys, cell phones and special equipment. The employee may be asked to complete an exit interview with a member of the management team.

An employee who leaves employment through death, or retirement (as defined by WRS) will be entitled to be paid 100% of granted, unused vacation and sick leave, not subject to proration.

An employee who is involuntarily terminated from employment (except in the case of a layoff, which shall be treated as a resignation for purposes of payout of benefits) is not entitled to be paid for any unused vacation or sick leave at termination.

Employees who voluntarily resign from employment and are eligible for payout of unused benefits, will be paid on the next regularly scheduled payroll following resignation. Employees are not allowed to extend their employment via use of unused benefit time.

Pay out for unused vacation and/or sick leave for those employees who resign from employment will follow this schedule:

First two years of continuous service	0%
2 years but under 3	25%
3 years but under 4	50%
4 years but under 5	75%
5+ years	100%

2.10 Separation or Retirement from Employment by Non-Represented Employees

A. Policy. Full time employees may be eligible for separation benefits pursuant to this policy.

B. Procedure:

1. In general, it is recommended that employees who have chosen to terminate their employment with the City other than by retirement give the City two weeks' notification of the separation; however, except for cases involving injury or disability, retiring employees must give notice of their intention to retire to their Department Head in writing at least sixty (60) days before the date of retirement in order to be eligible for any benefits made available to retirees elsewhere in this policy.

Any employee who commenced full-time employment with the City prior to January 1, 1987, and who thereafter worked continuously for the City on a full-time basis until retirement or termination is entitled to receive compensation for accumulated sick leave, vacation, compensatory time, and/or overtime. Such compensation shall be paid in a lump sum at the first regular payroll date following the employee's last workday with the City. An employee retiring from active employment with the City may extend his/her final date of retirement through the use of accumulated sick leave, vacation, compensatory time, or overtime. At the option of the City, the final payment for unused accumulated sick leave, vacation, compensatory time, or overtime may be made in a lump sum at the request of the retiring employee. A retiring employee extending his/her date of retirement through the use of accumulated benefits as set forth herein, will continue to accrue sick leave and vacation as provided in this handbook up to the date of final retirement.

Employees hired between January 1, 1987, and August 31, 2012, who terminate or retire from employment with the City and who is entitled to receive compensation for accumulated sick leave, vacation, compensatory time, and/or overtime will be paid such compensation in a lump sum at the first regular payroll date following the employees last work day with the City. Employees may not extend the date of their retirement by utilizing accumulated sick time, compensatory time, vacation time, or any other benefit time after their last day of work.
5. Employees hired on or after September 1, 2012, who terminate their employment with the City other than by retirement shall receive compensation for accumulated vacation, compensatory time, and other benefit time but not including sick time, in a lump sum at the first regular payroll date following the employees last work day with the City.

Employees' accumulated sick time shall be paid based upon the following schedule:

Less than five years employment:	No reimbursement.
Five years to less than 10 years:	Reimbursement for 30% of sick time.
Ten years to less than 15 years:	Reimbursement for 50% of sick time.

6. Employees hired on or after September 1, 2012, who terminate their employment with the City by retirement, in addition to receiving compensation for accumulated vacation, compensatory time, and other benefit time, shall be reimbursed for 100% of accrued and accumulated sick time.
7. Employees may designate all or part of accrued sick leave for continued health insurance coverage as provided in the Sick Leave section of this handbook.

8. Any employee who is terminated for misconduct and/or unlawful acts prohibited by this Handbook is not entitled to receive unused sick leave, and any such accumulated sick time shall be forfeited.
9. Employees who provide at least a two week notice prior to voluntarily terminating employment may utilize their accrued compensation time and/or accrued vacation time to fill their two weeks between the date of the separation notice and the end date of their employment, however the employees' intent to use accrued time must be communicated by the employee to their Department Head on or prior to the date of the separation notice.

ARTICLE V: APPLICATION FOR BENEFITS

All applications for benefits from The Fund shall be made in writing on forms supplied by The Board. The Board shall review all applications for benefits and no benefits shall be paid until the application has been approved by a majority vote of The Board. Decisions of The Board shall be subject to administrative review pursuant to Chapter 6 of the Municipal Code of Baraboo.

Before any benefits are paid to a firefighter, the Secretary/Treasurer of The Board shall cause an itemized audit to be conducted concerning the retiring firefighter to determine whether the firefighter owes any monetary debts to The Department. This audit shall be done within thirty days following receipt by The Department of an application for benefits from The Fund. Upon completing the audit report, the Secretary/Treasurer shall deliver the report to the firefighter, along with a written notice explaining to the retiring firefighter, that no benefits shall be paid until all financial debts owed by the firefighter to The Department have been paid in full. The Board, upon receiving the audit report, shall review the report and determine which, if any, of the debts owed by the retiring firefighter must be paid before the firefighter will be eligible to receive benefits.

If the retiring firefighter desires to dispute any debts, he/she shall notify The Board in writing of each debt that is disputed and the nature of the dispute. The written notice shall further request a meeting with The Board. Upon receipt of the notice, The Board shall schedule a meeting with the retiring firefighter for the purpose of discussing and resolving the amount, if any, of any monetary debts owed by the retiring firefighter to The Department. The Board shall attempt to schedule the meeting within thirty days after receiving the written notice from the retiring firefighter. At the meeting before The Board, the retiring firefighter shall be given an opportunity to present evidence in support of his/her position as to the amount, if any, of the indebtedness owed by the firefighter to The Department. After hearing the evidence, The Board shall determine, by a majority vote, the amount, if any, that the retiring firefighter owes to The Department and no benefits shall be paid to the retiring firefighter until the full amount owed by the firefighter to The Department had been paid in full. No debts owed by the retiring firefighter to The Department shall be deducted from a benefit payment and no benefit payment shall be made until all debts by the said firefighter are paid in full.

ARTICLE VI: ELIGIBILITY FOR LONGEVITY BENEFIT

For the purpose of computing eligibility for benefits from The Fund, a “year of active service” shall be defined as a period of twelve months of active duty as a firefighter in The Department beginning on the date when the member became an active firefighter in The Department. If a firefighter’s period of active service has not been continuous, the number of months of active duty shall be added together to compute full years of service. Upon completion of five years of active duty, a leave of absence due to health reasons shall be considered to the extent allowed by The Board. A firefighter shall be eligible to receive a benefit payment from The Fund if the firefighter leaves The Department due to any one of the following reasons:

1. Retirement
2. Termination due to illness, injury or other disability.
3. Termination for any other reason, except expulsion by The Department.

If The Board determines by a majority vote that a firefighter has made a fraudulent claim for benefits from The Fund, the firefighter shall be expelled from The Department and shall forfeit all rights to any benefits from The Fund.

A firefighter who ends his/her active duty as a firefighter with The Department for any of the foregoing reasons shall be eligible to receive a benefit payment from The Fund in the following amount.

1. If the firefighter has completed five years of active service, the firefighter shall receive a payment equal to 50% of the yearly benefit for each year up to five years and between the fifth year and fifteenth year of active service, the firefighter shall receive an additional 5% of the yearly benefit for each year. Payment schedule is attached as Appendix I.
2. If the firefighter has completed fifteen years of active service with The Department, the firefighter shall receive 100% of the yearly benefit for each year of active service.

Any firefighter who has not completed a minimum of five years of active service shall receive no benefit from The Fund upon leaving The Department or cancel his/her membership with The Department for any reason.

As of January 1, 2003, the benefit from The Fund was established at \$500.00 per year of service, retroactive.

The Board shall determine the method of payment for accrued benefits due from the fund. Generally accrued benefits will be paid in one lump sum. The Board reserves the right to make benefit payments in three equal installments, if the Board sees necessary to preserve the Fund.

A firefighter who ends his/her active duty as a firefighter with The Department due to illness, injury, disability or termination for any other reason, except expulsion by The Department may also request a Benefit payment of three annual payments. Unpaid balances of benefits shall not accrue interest.

ARTICLE VII. ELIGIBILITY FOR DEATH BENEFIT

A death benefit of \$2,500.00 shall be paid on behalf of any firefighter who dies while still an active member of The Department in good standing, regardless of length of service. The ~~death~~ longevity benefit paid shall be in the same amount as the firefighter would be entitled to receive if he/she had terminated his/her membership with The Department on the date of death. The benefit shall be paid to such beneficiary as designated on forms supplied by The Board. If the firefighter has not designated a beneficiary with The Board, the death benefit shall be paid to the firefighter's surviving spouse, and if there is no surviving spouse, then to the firefighter's surviving children in equal shares, and if there is no surviving spouse or surviving children, then to the firefighters estate. In addition, regardless of length of service, a death benefit in the amount of \$2,500.00 shall be paid to the firefighter's beneficiary. However, The Board may adjust the amount of the death benefit on January 1 of any given year, if The Department's membership and the Baraboo Common Council approve the adjustment.

ARTICLE VIII: AMENDMENTS

These bylaws may be amended by a majority vote of The Board of Trustees, provided, however, all amendments shall be approved by a majority vote of The Department's membership and by the Baraboo Common Council.

**CITY OF BARABOO
POLICE AND FIRE COMMISSION
MEETING MINUTES**

MINUTES FOR: Regular Meeting on August 15, 2022.

The Baraboo Police & Fire Commission (PFC) met on this date at the Baraboo Municipal Building, 101 South Boulevard, (C205), Baraboo. The meeting was opened at 3:30pm by PFC President Kujak. A notice of this meeting was posted on August 12, 2022.

Roll call found Commissioners Getschmann, Hollenback, Kluge, Kujak and Viney were in attendance. Others present during the meeting were Police Chief Sinden and Fire Chief Stieve.

Compliance with the open meeting law was noted by Kujak.

Kujak made a request to have the AGENDA be approved. Getschmann made a Motion to approve the Agenda; Viney offered a second, motion carried 5-0.

Kujak made a request to have the MINUTES of July 18, July 22 (Open & Closed Sessions) and August 1, 2022 be approved. Kluge made a Motion to approve the Agendas; Getschmann offered a second, motion carried 5-0.

There were no citizens present to speak under 'PUBLIC COMMENTS'.

Under 'ACTION ITEMS', Chief Stieve made a request of the PFC to decertify any and all prior Baraboo Paid-on-Call Fire Fighter eligibility lists, and to certify a new Baraboo Paid-on-Call Fire Fighter eligibility list as of August 15, 2022. He presented a list containing the proposed (7) Fire Fighters names of:

Parker Brehm	Kortnee Carroll
Jackson Clements	Ethan Mengelt
Jesse Prater	Sawyer Schmitt
Kody Sellner	

Stieve also noted that if these individuals would be hired in the near future, they would bring the Department staffing to 34-35 members. Further that this would be at a normal staffing number, adding that the Department does not have any top end limit for Department members. Getschmann made a Motion to approve the Agenda; Hollenback offered a second, motion carried 4-0 with Viney abstaining.

Under 'INFORMATIONAL ITEMS':

Chief Sinden noted that the Department is seeing some 'head hunting' of their members from other law enforcement agencies in the area. This is a troubling process and the City and Department are trying to retain their good employees within the agency. Wages are the drawing factor and with the City's financial situation, this is a real problem. There is certainly room for improvement and need, and that is a budgeting issue. Regarding the SRO status between the City and the School District, it is yet hopeful that an answer can be found to cover the wages (est \$150K) of both SROs. The School District budget is not yet locked in to report on. That answer will be coming in the next 2 months. While the Department is seeing a 3.7% decrease in overall calls to date, they are seeing increases in traffic citations and general arrests. Sinden noted that the Department is operating with three (3) less staff members (Chief, 1 Patrol Officer and a Clerk), which has a daily impact for the community served. The prior authorized sworn staff level was 29, and currently it is 27. For this month he reports they have no troubling 'Use of Force' investigations to report on. The Department is engaging in continued 'Rapid Response to Critical Incident

Training'. Currently they are working it through the High School, but there are plans to do it also in the Middle School and at some point the Elementary Schools. He briefly spoke on the 2023 Budget and as to the projected \$370K reduction the Department is facing. Chief Stieve noted the Fire Department reduction is approximately \$71K in the upcoming budget. Sinden noted that if they can secure the funding for the two School Resource Officers, they are hopeful to maintain staffing levels.

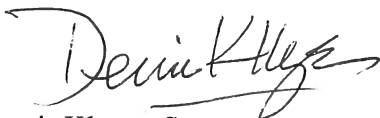

Chief Stieve presented letters from two Baraboo Fire Fighters (Carrie Cummings & Justin Riley) that have tendered letters of Resignation in the last 30 days. He is hopeful that in the new eligibility list that they will find replacements for these vacancies. Kevin stated that he will send a link to the PFC Members to view his monthly report as submitted to City Council. Stieve also called attention to the PFC as to the Retirement gathering for BPD Fire Fighters Steve Pointon & Thomas Clark on August 23rd.

Kujak provided a brief update as to the ongoing search for a Baraboo Police Chief, clarified where we are in process (Job Description & Offer has been posted as of August 11). He noted that our 'goal' to get the notice posted was on or before August 15, and we accomplished that. All of the desired posting sites have been accomplished as of today. Some clarity from the City regarding the pay scale approved was identified, and he will speak to the City Administrator how that should be handled. He then discussed the plans for the August 17th 'listening session' at City Hall. He was making the final arrangements for having the building open by 5:30pm, and hosting the meeting from 6:00pm to 7:30pm. He read from script what he would be explaining to the attendees at the meeting. It was agreed that after the August 17th meeting (Listening Session), a Special Meeting may be needed to address their findings.

Under 'COMMUNICATIONS', Kluge advised there was only the League's monthly magazine.

Kujak made a request for an ADJOURNMENT: Viney offered a Motion for adjournment; Getschmann offered a second. Motion passed 5-0.

Respectfully submitted,

Dennis Kluge, Secretary

MINUTES FOR: Regular Meeting on October 17, 2022.

The Baraboo Police & Fire Commission (PFC) met on this date at the Baraboo Municipal Building, 101 South Boulevard, (C205), Baraboo. The meeting was opened at 3:30pm by PFC President Kujak. A notice of this meeting was posted on October 13, 2022.

Kujak made a request to have the MINUTES of September 19 and October 10, 2022 be approved. Viney made a Motion to approve, with Getschmann offering a second, that motion carried 5-0.

There were no citizens present to speak under 'PUBLIC COMMENTS'.

There was no business to be discussed under 'ACTION ITEMS'.

Under 'INFORMATIONAL ITEMS':

Chief Sinden orally gave his Monthly Report noting that Staffing levels remain the same as last month, highlighting that the Department is short two Patrol Officers and one Administrative person. He is hopeful that there will not be more losses in the upcoming months. He noted a second year Department achievement in obtaining a Gold Award from Lexipol. The Department is ready for the upcoming re-certification checks in the WILEAG program - this occurs every 3-years and is quite gruesome across all levels of the Police Department. Sinden noted that the Department has handled 6,540+ calls for service so far this year. He added that those numbers are down just a bit. He further noted that citations & arrests are down just slightly also, and lays some of those reduced numbers to the fact that they have less manpower on the street this year.

When Chief Sinden completed his reporting, PFC President Kujak turned to Chief Stieve and asked for his Department report. Chief Stieve looked at the PFC President, outwardly laughed at his request and responded in a sarcastic voice that it can be found in the Public Safety or Council packet. He briefly paused and added that he is pleased the way the merger of Fire & EMS is rolling along.

Under 'CLOSED SESSION':

Kujak announced that the Commission move to a Closed Session, pursuant to Wis. Stats. 19.85(1)(c) for the purpose of considering employment, promotion or performance evaluation data with respect to the filling of a vacancy within the Police Department. Getschmann made a motion to approve, with Hollenback offering a second. The Motion passed 5-0.
